

## **Pannal & Burn Bridge Parish Council**

### **DRAFT VISION STATEMENT FOR NPSG FOCUS GROUPS**

The rural identity of the Pannal & Burn Bridge parish, its heritage church, buildings, bridges, and iconic viaduct are its defining essence. Parish residents have a strong sense of community and cohesiveness and wish to retain this distinctiveness and maintain physical separation from Harrogate. The Crimple Valley in our parish is the southern showcase gateway to Harrogate; its preservation should be of paramount importance.

Development up to 2035 should be sustainable, ensuring safety from flood risk and adaptability to climate change. Growth should reflect natural expansion and be appropriate in style to meet the needs and wishes of current and future residents and businesses, in keeping with the character of our community.
