Dear Ms. Marlow,

Pannal and Burnside Neighbourhood Plan Draft Strategic Environmental Assessment Screening Consultation Response

Thank you for consulting Historic England in connection with the Draft Strategic Environmental Assessment Screening report for the Pannal and Burnside Neighbourhood Plan.

For the purposes of this consultation, Historic England will confine its advice to the question, “Is it likely to have a significant effect on the environment?” in respect to our area of concern, cultural heritage. Our comments are based on the information supplied within the Pannal and Burnside Neighbourhood Plan.

The Draft Neighbourhood Plan indicates that within the plan area there is a wide range and number of designated cultural heritage assets. There are also likely to be other features of local historic, architectural or archaeological value, and consideration should also be given to the wider historic landscape.

On the basis of the information supplied, and in the context of the criteria set out in Schedule 1 of the Environmental Assessment Regulations [Annex II of ‘SEA’ Directive], Historic England concurs with the conclusion that the preparation of a Strategic Environmental Assessment is not required for the Pannal and Burnside Neighbourhood Plan.

The views of the other two statutory consultation bodies should be taken into account before the overall decision on the need for an SEA is made. We should like to stress that this opinion is based on the information available in the Pannal and Burnside Neighbourhood Plan.

Historic England, 37 Tanner Row, York YO1 6WP

Please note that Historic England operates an access to information policy.

Correspondence or information which you send us may therefore become publicly available.

To avoid any doubt, this does not reflect our obligation to provide further advice on later stages of the SEA process and, potentially, object to specific proposals which may subsequently arise (either as a result of this consultation or in later versions of the plan/guidance) where we consider that, despite the SEA, these would have an adverse effect upon the environment.

We would be pleased if you can send a copy of the determination as required by REG 11 of the Environmental Assessment of Plans and Programmes Regulations 2004.

Historic England strongly advises that the conservation and archaeological staff of the Harrogate District Council and the [North Yorkshire County Council Historic Environment Record](#) are closely involved throughout the preparation of the plan and its assessment. They are best placed to advise on; local historic environment issues and priorities, including access to data held in the HER (formerly SMR); how the policy or proposal can be tailored to minimise potential adverse impacts on the historic environment; the nature and design of any required mitigation measures; and opportunities for securing wider benefits for the future conservation and management of historic assets.

We look forward to receiving a consultation on the Final Strategic Environmental Assessment Screening report and Submission Draft of the Pannal and Burnside Neighbourhood Plan in due course.

Yours sincerely

Craig Broadwith
Historic Places Adviser
